arcticwarriors Top 3 tips for super strong immunity Narkaus style:

1. Hang out in cold water regularly.
2. Don't pick your nose.
3. Take an Angelica Archangelica overdose.

Angelica's active compounds in different locations of Lapland compared to Hungary (Unkari)

Arctic conditions, midnight sun and world's purest air make the herbs and berries of Lapland exceptionally tasty and nutritious.

For example, the desired effective compounds (felandrins/fellandreeni) of Angelica Archangelica are much higher and undesired compounds (pinene + limonene + carene) much lower in Lapland than e.g in Hungary.

Ever been in a REAL forest? Okay, what about in the forests of Lapland, the North of Finland? If not, would you like to?

Well if you are not planning to visit Lapland any time soon, here is the second best thing for you to feel the experience. Make sure to smell the jar first. The stunning aroma makes you feel like you were in the forest yourself!
